Step 1 Mentorship Program:

1.Complete PDF Collection

Access to my comprehensive set of PDFs covering all First Aid content, with high-yield annotations to simplify learning

2.My Proprietary ‘Read-Solve-Review’ Method

Learn my proven strategy for mastering Step 1 concepts, ensuring deep understanding and long-term retention.

3.Personalized Study Plan

A customized one-week schedule tailored to your learning style, evolving into a dynamic plan leading up to your exam.

4.Exclusive Review Protocols

Proven strategies to enhance recall, reinforce weak areas, and optimize high-yield learning.

Step 1 Mentorship Program:

5. Biweekly Schedule Adjustments

Every 15 days, I'll personally review your progress and optimize your study plan for maximum efficiency.

6. Advanced NBME Protocols

Exclusive strategies for tackling NBME exams, including timing techniques, review methods, and question-solving approaches.

7. Comprehensive 4-Week Revision Plan

A structured final-month review protocol designed to boost recall and optimize test readiness.

8. High-Yield ANKI Decks

A curated Anki deck featuring must-know First Aid points, ensuring efficient review and active recall.

Step 1 Mentorship Program:

9.AMBOSS, Sketchy & Osmosis

Resources

We will provide you with essential resources that will complement your Step 1 preparation.

10.Direct Support via WhatsApp

Get one-on-one guidance throughout your preparation journey

11.Mehlman & AMBOSS Study

Protocols

Exclusive techniques to leverage Mehlman Medical's high-yield approach and AMBOSS efficiency methods to maximize Step 1 performance.
